

**Application questions for 2/23/14 sermon**  
**Discipleship**

How would you state your mission as a Christian, in one or two sentences?

What relationships do you have that could be discipleship relationships?

Have you had a relationship with a Christian that has helped transform your life?

What did they do with you?

Could you do that with someone else?

Is there something you think you need to do, either look for someone to disciple, or look for someone to disciple you?

How are you going to go about that? Will you pray and look for someone? Will you maybe also talk to Christian?

(Absolutely if you need ideas on how to go about discipling someone, using discipleship materials or in other ways, Christian is absolutely willing to meet and talk about that.)
