# SERMON NOTES

#### What God Wants ... Is Us!

Hosea 6:1-6 | Matt Green | March 7, 2021

### A Model Prayer of Turning to the Lord (6:1-3)

- · Hosea urges Israel to respond to the Lord in two ways:
  - They are to repent and turn to the Lord
    - · They must turn from their evil ways
    - · They must turn toward God
  - They are to press hard to know the Lord
- · Hosea includes himself in the call to return to the Lord
- The Lord will favorably respond when Israel turns to Him
  - The Lord will restore what He has inflicted
  - The Lord's response is assured
- The Lord will "raise us up on the third day"
  - This indicates He will respond quickly
  - This can also be applied to Jesus' resurrection
  - Jesus' resurrection assures those who trust Him will be raised

#### WHAT GOD WANTS ... IS US!

## HOSEA 6:1-6 | MARCH 7, 2021

## The Lord's Sadness and Exasperation with Israel (6:4-6)

- Israel has not responded to the Lord
  - Their love is fickle
  - The Lord laments His people's lack of love for Him
- The Lord has tried repeatedly, dramatically to get Israel's attention
  - He has shown them their evil and promised dire consequences through the prophets
  - The people needed to be faced with the ugliness of their ways, so they would hopefully return to the Lord
- What God really wants is the faithful love of His people
  - Religious activity in and of itself is of no value
  - Sacrifice has value because it restores people's relationship with God
  - Christ is the perfect, final sacrifice, and restores anyone who trusts in Christ to right relationship with God
  - What we do for God has value if done in relationship with Him, to please Him
